Employee pages

1. Administrator's employee list view

The screenshot shows the 'Employees List' page for an administrator. The browser address bar shows 'localhost:7266/EmployeesList'. The left sidebar contains navigation links: Home, Logout, Lists, Employees (selected), Leave Requests, Approval Requests, and Projects. The main content area features a table with columns: Full Name, Subdivision, Position, Status, People Partner, and Out-of-Office Balance. There are search and filter icons for each column. The table lists four employees: Jan Kowalski (ADMINISTRATOR), John Brown (HR MANAGER), Kate Smith (PROJECT MANAGER), and Oliver Kaylynn (EMPLOYEE). Each row has 'Open' and 'Deactivate' buttons. A pagination bar at the bottom shows '1'.

| Full Name | Subdivision | Position | Status | People Partner | Out-of-Office Balance | |
|----------------|-------------|-----------------|--------|----------------|-----------------------|---|
| Jan Kowalski | Div1 | ADMINISTRATOR | Active | | 26 | <button>Open</button> <button>Deactivate</button> |
| John Brown | Div1 | HR MANAGER | Active | | 26 | <button>Open</button> <button>Deactivate</button> |
| Kate Smith | Div1 | PROJECT MANAGER | Active | | 26 | <button>Open</button> <button>Deactivate</button> |
| Oliver Kaylynn | Div1 | EMPLOYEE | Active | John Brown | 26 | <button>Open</button> <button>Deactivate</button> |

Administrator should have full access to employee view. He should have access to every employee and should be able to create new one.

2. HR Manager's employee list view

The screenshot shows the 'Employees List' page for an HR Manager. The browser address bar shows 'localhost:7266/EmployeesList'. The left sidebar is identical to the administrator view, with 'Employees' selected. The main content area shows a table with the same columns as the administrator view. However, only one employee is visible: Oliver Kaylynn (EMPLOYEE). The 'People Partner' column shows 'John Brown'. There are 'Open' and 'Deactivate' buttons for this employee. A pagination bar at the bottom shows '1'.

| Full Name | Subdivision | Position | Status | People Partner | Out-of-Office Balance | |
|----------------|-------------|----------|--------|----------------|-----------------------|---|
| Oliver Kaylynn | Div1 | EMPLOYEE | Active | John Brown | 26 | <button>Open</button> <button>Deactivate</button> |

HR Manager should be able to create new employee and have access to his employee

3. Project Manager's employee list view

| Full Name | Subdivision | Position | Status | People Partner | Out-of-Office Balance | |
|----------------|-------------|-----------------|--------|----------------|-----------------------|------|
| Jan Kowalski | Div1 | ADMINISTRATOR | Active | | 26 | Open |
| John Brown | Div1 | HR MANAGER | Active | | 26 | Open |
| Kate Smith | Div1 | PROJECT MANAGER | Active | | 26 | Open |
| Oliver Kaylynn | Div1 | EMPLOYEE | Active | John Brown | 26 | Open |

Project Manager should have access only to employee working for his projects.

5. Update view for my leave request

The screenshot shows a web browser window with the title 'Update leave request'. The address bar displays 'localhost:7266/LeaveRequestUpdate/3'. The browser's developer tools are open, showing the 'Console' tab. The application interface features a dark blue sidebar on the left with the following menu items: 'Home', 'Logout', 'Lists', 'Leave Requests', 'Approval Requests', and 'Projects'. The main content area has a light gray header with the text 'OutOfOffice' and an 'About' link. Below the header, the form contains the following fields: 'Absence Reason' (text input with 'sick'), 'Start Date' (date input with '01.08.2024'), 'End Date' (date input with '02.08.2024'), and 'Comment' (text input). At the bottom of the form, there are three buttons: 'Save', 'Save and Submit', and 'Save and Cancel'.

Update view allows to edit own leave requests until submitted or canceled
